

## **OVER THE BED TABLE**

1. An over the bed table may be provided along with your hospital bed. To raise the over the bed table, pull up on the adjustment lever (located underneath the table top) with one hand and raise the table to the desired position, then release the adjustment lever.
2. To lower the table, pull up on the adjustment lever with one hand and with the other hand apply pressure straight down on the table over the vertical adjustment bar and release the lever.
3. Never apply pressure to the end of the table opposite of the vertical adjustment bar.
